A call for a Mission walk

Goal

- 1) To seek for funds for the construction of a Church building
- 2) To encourage everybody interested in Gospel Proclamation to contribute towards mission expansion

John 3: 16 "For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life"

Summary

The Anglican Church of Rwanda as well as other Protestant Denominations in Rwanda has not yet reached out to the sector of Kiyumba, but in a special way, it has already reached Ruhina cell.

According to the geographical boundaries of the Anglican Dioceses, this area falls under Shyogwe Diocese's administration. The nearest Anglican Parish is Muyebe, which is situated at about two and half hours walking distance from Kiyumba (just one way). This calls us to evangelize members of the communities in the former municipalities of Nyabikenke and Rutobwe, where we have not been yet.

As mentioned before, we have already reached Ruhina cell, where since 1st of December 2017, we are glad to have succeeded to establish outreach evangelism. However, shortly after this special achievement, the government of Rwanda came up with a new policy of standardization of church buildings, by setting minimum standards that congregations are required to comply with.

In just three days of an evangelism camp (1st - 3rd of December 2017), twelve (12) people surrendered their lives to Jesus. Due to this success, the Missionary Station hired a room in the shopping centre at 10,000 RWF (roughly 10 EUR) per month to enable the new Christians to meet twice a week, to share faith through Biblical teachings and evangelization. This continued for a few months, but following the new regulations by the government, we had to stop using that substandard place for worship purpose.

This is, therefore, a brief summary of where we come from and where we find ourselves now.

Then, what had happened?

Home cell group/ Grassroot Church an approach of the Anglican Church of Rwanda, the Diocese of Shyogwe and by other dioceses had been our plan b. We opted to meet home to home through rotation. Later on, we raised funds and bought a land of 0,33 Ha to be utilize for the construction of the Church; an amount of 2,000,000 Rwf, roughly € 2,000 which. As the church grew in number and people experience positive changes such as harmony among family members, active participation in managing family resources by both female and male, we committed to step ahead and start local fundraising and currently we have 2,650,000 Rwf whilst, according to the calculation by a builder, the construction of the Church building in that

area requires at least Twenty-One Million Three Hundred Fifty Thousand Rwandan Francs (21,350,000 Rwf). This means, we still have to raise Eighteen Million Seven Hundred Thousand Rwandan Francs (18,700,000 Rwf).
